

Competition 2018- New Classes

From January 2018 we are adopting the same classes as MGCC Vic as a logical way to move forward with several classes now being competed in by 1 or no competitors. We also do a lot of events with the MGCC Vic so also makes sense.

A brief description of classes is as follows.

Pre-war, post war, Y type and Magnette

Classic class: MGA, MGB, 1100 and Midget generally very standard.

Modified classic: Above with allowance for suspension and motor improvements.

Modern, V8 and C class: with limited allowance for improvement.

Specials: All cars which have more modifications than listed.

Youth Class

Ladies Class: Though they have the option to compete in the car class.

Rookie Class: Beginners can run as Rookie for 2 years.

Non Marque

For full details please refer to MGCC Vic website though we will define our own classes through the year.

2018 – New Club Award

In 2017 we had a non-speed and an outright Champion. In 2018 we will add a Speed Champion as well. Since we have at least 12 speed events the Speed Champion will be calculated from the best 8 results.

Non-speed champion will be calculated from best 5 non -speed events. (any)

Outright Champion will now be the best 14 events.

Adding and Deleted Events

For many years we have continued to run events that are not supported by members. For 2018 any event attended by less than 5 competitors will not be on the 2019 Calendar. Conversely we welcome suggestions about new events we could run. Some examples we have tried in the past are Economy runs and Rallies.
